- **China Biodiesel slumps on costs warning (ShareCast)**

LONDON (SHARECAST) - Shares in biofuel producer China **Biodiesel** slumped on a warning that rising raw material costs will mean profits this year coming in well below forecasts.

- **Biodiesel as independence (Concord Monitor)**

As oil prices continue to rise and consumers struggle with higher gas costs, Kip Riel says there's an easy solution. It's called **biodiesel**. And he insists that anyone - with \$100 and a little research - can make it in a garage.

- **Biofuels: Spanish mandate suggests voluntary measures have failed (Energy Business Review)**

The Spanish government has passed a law making the blending of biofuels in regular fuel mandatory from 2009. However, Spain is simply the latest in a wave of European countries that have imposed national mandates on the environmental fuel option, and this continent-wide trend should be seen as a reflection of the fact that voluntary measures have failed.
